

EOPS - CalWORKs Program

Yoselyn Ramirez

Submitted by The EOPS Team

Yoselyn “Yos” Ramirez is a committed, driven single parent student who became a regular and positive presence in EOPS. Yos is deeply committed to her education, and commutes a long distance to attend SBCC. Yos has really stepped into her leadership as president of the SBCC chapter of the Sigma Chi Eta Communication Honor Society, and, per that department, “was instrumental in leading the SBCC Storytime Project which focused on sharing inclusive children’s literature with the youngest members of our SBCC family. This year, Yos also served as a member of the National Student Advisory Board for Sigma Chi Eta through the National Communication Association.” Yos is passionate about the fields of Communication and Biology, and serves as a wonderful example for other CalWORKs student parents and her son. Congratulations Yos! We are so proud of you.

Yoselyn’s Words of Gratitude

Thank you so much for this award. It means a lot to me coming from EOPS because I have been with them since I started college. The staff at EOPS is always motivational and supportive. I would like to especially thank Chelsea for being my advisor, as a single parent it is nice to relate to someone in some way. Thank you to all the counselors, I have seen each of them at least once. It has been a great time sharing this college experience with you all!
