In her three years with Middle College Alisha Mergaliyeva has taken full advantage of her opportunity here at SBCC. Alisha is passionate and determined in all that she does. The high standards that she sets for herself are evident in the work that she creates for Middle College. Her assignments consistently reflect depth of thought, insightfulness, and thorough research. She also gives one hundred percent in her SBCC classes. While still in high school, Alisha has accumulated over 90 units at SBCC. Because of her hard work and determination Alisha will earn her AA in Philosophy before she graduates from high school in June. Alisha, without a doubt, you have earned the title of Middle College's SBCC Outstanding Student of the Year. Congratulations!
